

Two-Door Shelf Office Gym Filing Storage Locker Cabinet Safe

RRP: \$464.95

2-Door File Cabinet

Our 2-Door Lockable File Cabinet is a storage unit which really has it all. No matter what you're storing and where, this extremely versatile cabinet has you covered, and is sure to help you get a grip on any storage crisis.

A multi-shelf design with varying heights and dimensions give you plenty of storage flexibility. 2 shelves come with the unit, making this the perfect home or office storage unit.

The cabinet is constructed with solid cold-rolled steel plate for excellent sturdiness and durability, not to mention an attractive look. The steel is also powder-coated to resist corrosion. The cabinet measures 90 x 85 x 40 cm, and the maximum recommended weight capacity is approximately 40kg per shelf.. Privacy and security are assured with a simple lock and key design on the double doors. The lock comes with 2 keys.

A simple design makes assembly easy, and full assembly instructions are included.

It's time for an affordable, versatile storage solution. It's time for the 2-Door Lockable File Cabinet
