

## PU Leather Office Chair Executive Padded Black

RRP: \$534.95

When you spend long hours working behind a desk, having the right chair makes all difference in the world! Our Executive Office Chair exudes classic elegance while providing the total comfort and support you deserve.

Made with premium grade black PU leather coupled with quality craftsmanship, the executive chair is both durable and stylish.

Double-layer padding on the seat and armrests, plus special neck support ensures maximum comfort. The built-in lumbar support provides the necessary firmness to promote spinal health and prevent chronic lower back pain.

The executive office chair features independent gas lift height adjustment and tilt adjustments that you can use to ensure your hips are aligned and both feet are planted firmly on the floor - maintaining proper sitting posture is important to reduce body fatigue.

The swivel seat is capable of 360° rotation and has 5 wheels at the base that provide full mobility – no more straining your back to reach for objects around the office.

The base of the chair is powder coated with that perfect chrome finish to last.

The chair is easy to clean and maintain. Just wipe with clean soft cloth to keep it looking fresh and new.

The executive chair with lumbar support is priced reasonably, so don't settle for less quality. Be smart and practical. Purchase your very own, today!
