

36" Pet Dog Crate with Waterproof Cover

RRP: \$349.95

Perfect for transport, travel, or as a semi-permanent outdoor enclosure, the Large 2-Door Pet Dog Crate provides ample space for medium-sized dogs and other animals. And with so many intelligent features, this is much more than just a crate.

This enclosure is made from powder-coated black wire metal which provides a quality finish as well as a safe material for your animal. The wire mesh folds up like a suitcase for easy storage. Two different doors - front and side - deliver maximum access and convenience, particularly with multiple animals when you don't want to let the whole group in or out. Each door features a secure L-shaped latch to prevent accidental openings from shakings or bumps.

At 91cm long and 66cm high, this crate is ideal for medium-sized dogs and other animals. The bottom of the crate features a removable metal tray for hassle-free cleaning. And the top features a movable snap handle — you decide where you want to carry the crate from. Also included in your purchase is a FREE waterproof canvas cover, which is great for outdoor doggy shade, comfort and privacy.

Your pet deserves the best! Purchase the Large 2-Door Pet Dog Crate today and save with our everyday low price.
