

Solid Dip Station Gym Fitness

RRP: \$534.95

The Randy & Travis Solid Dip Station will help you enjoy an intense workout and get the results you expect!

The Randy & Travis Solid Dip Station is ruggedly constructed and designed for optimum results. This solid dip station features heavy duty steel construction and is built to last. The Randy & Travis solid dip station can stand up to the rigors of any workout from beginner to advanced user. Randy & Travis Machinery produces high quality exercise equipment. Like our other sporting items, you can rely on this outstanding piece of equipment for years to come. It is unmatched in its field.

The Randy & Travis Solid Dip Station will give you the upper body workout that delivers - it builds your shoulder strength, thickens your deltoids and develops your triceps. This sturdy device gets its balance from the wide, extended base that ensures stability. The 2" x 3" heavy-gauge steel uprights are suitable for users of all size. Your safety and comfort is ensured by the oversize 1" bars that feature extra-thick, slip-proof rubber grips in any position required by your exercises. This amazing piece of equipment can be used at the home or at the gym.

Take your training to new heights. Get that rock hard body. You'll appreciate the convenience and love the results!
