

Modular Chrome Wire Storage Shelf 1500 x 600 x 1800 Steel Shelving

Out of Stock: \$829.95

Solve your organization concerns at home and at work with this sturdy and durable four-shelf storage unit.

Strong and reliable describe this four-shelf storage unit. Constructed from Syncrosteel chrome-plated steel, the shelf is built to last. The wire shelving brings lightness and mobility to the unit giving you the ultimate in versatility for your changing requirements.

The classic style of this four-shelf unit makes it ideal for any storage need whether at home, in the office or shop or in the garage or workshop. Organize your personal items on the four generous shelves in the garage or kitchen at home; store your tools and equipment on the shelves for high visibility and easy access.

The adjustable legs assure security and stability. The adjustable shelves allow you to customize the unit to meet your specific needs. The raised edges of the shelves will keep your items where you place them.
