

Agility Slalom Training Poles Soccer Rugby Set

RRP: \$244.95

Be ready to face the challenge! Our agility slalom training poles will prepare you for the toughest competitions and most daunting opponents.

Our agility training set consists of ten 10 x 165cm slalom training poles that will help prepare you for even the most challenging soccer or rugby meet. Our poles are built to last. Made from the toughest heavy-wall PVC, the ability slalom training poles are 2.5cm in circumference and feature a non-rust metal spike for easy insertion into any turf.

For all your speed and agility training needs, you will find yourself relying on our slalom training poles for the best results. You will notice a marked improvement in your fitness after regular workouts with these great training assets.

This sturdy athletic gear can also be used as markers for running as well as for temporary goal posts. The versatility of our slalom poles makes them suitable for a full range of work-out routines including those focusing on agility, speed, flexibility and aerobic fitness. Athletes of all ages can benefit from these fitness enhancements. Their bright yellow colour makes them a stand-out no matter the place, time or conditions. They are surprisingly light-weight and portable!

Order these great training enhancements and be ready to meet and beat the competition!
