

## Netball Ring with Stand

Out of Stock: \$184.95

Perfect for netball “stars” of all levels, sizes and ages!

This fun enhancement for your netball training is portable and height adjustable. This sturdy netball ring and stand is constructed from high-strength steel tubing. Its durable plastic base promises stability and durability. The powder-coated metal components prevent and resist rust.

The height is adjustable up to ten feet tall (approximately three meters). It can accommodate any height and skill level making it ideal for kids as well as adults. To increase stability the plastic base can be filled with up to 19kg of water. For training and practice, the ring can be lowered so children can make their shots and hone their skills.

Features:

- Powder-coated finish resists rust
- Durable and stable molded plastic base
- Sturdy steel tube
- Built to last in all conditions
- Welded steel net hooks
- All-weather nylon net included
- Portable and storable

Specifications:

- Height adjustable from 1.33m to 3.05m
- Base dimensions: 50cm x 15cm
- Package weight: 7.2kg
- Package dimensions: 50cm x 15cm x 60cm (L x W x H)

Some measurements are approximate.
