

Mini Rebounder Trampoline With Handle Rail

RRP: \$269.95

A convenient way to get in shape without ever leaving your home, this mini-rebounder trampoline from Randy & Travis Machinery gives you a low-impact workout that will burn off calories and get your heart pumping. Enjoy better fitness while you watch TV, listen to your favourite music, or just gaze out the window at nature. A vaulted handrail provides stability if you lose your balance. After you finish your workout, just stash the mini-trampoline in your wardrobe. With its 40-inch diameter, it can fit easily in even the smallest spaces. Its bouncy, low-impact surface protects your joints, while its rubber-covered legs protect your floor from scratches and dents.
