

## Hinged Full Knee Support Brace Protection Arthritis Injury Sports

RRP: \$44.95

This deluxe, high-quality hinged knee full support brace by Randy & Travis Machinery, may aid in keeping your knee stable while you participate in your favourite sport or workout.

Sore knees may be a thing of the past with this knee brace. With its double metal, double-hinged construction, you may enjoy both support and mobility to allow you to take control of your knee injury. Crisscrossed bands below and above your knee may provide extra support, as does a patella support pad that may keep the brace wrapped securely around your kneecap. Adjustable Velcro straps allow you to customize the fit.

### Specifications:

- Construction: Double metal, dual hinge
