

Kayak Hoist Ceiling Rack

RRP: \$109.95

This would save you much space to store your kayak! Simply hang your kayak on the ceiling by pulling one wire. Thanks to convenient pulley system design, simply use the wire to control the kayak up and down. It is so simple even your teenagers can do that. Simple is beauty. You can also use it to hang your bike. This hoist is rated for up to 45kg, and our tests confirmed that it can carry up to 60kg!

Features:

- Easy control design
- Smooth action double rope pulley system
- Steel hoist body
- Protective plastic coated hoist hook
