

12Kg SALVAGE Strong MAGNET N52 Neodymium Eyebolt Circular Ring

RRP: \$19.95

If treasure hunting is your thing, it's time to go fishing with one of these Neodymium eyebolt circular ring magnets from Randy & Travis Machinery. Discover treasures at the bottom of the ocean—or even your favourite river or lake. These small, yet super-powerful magnets can pick up most metal objects even underwater, making magnet fishing one of the hottest new hobbies on the scene today.

With a pull strength of 12kg, even larger objects will be easy to pull out of the water. Enjoy the adventure of magnet fishing with your family or loved ones. Buy your fishing magnet today.
