

Adjustable Elbow Brace Support - Tennis Elbow, Arthritis

RRP: \$34.95

Don't let tennis elbow—or any other elbow injury—put a damper on your active life. With Randy & Travis Machinery's adjustable elbow brace, its gentle compression improving circulation to your weak, sore, or injured elbow, relieving pain and providing needed support.

Its slip-on design makes it easy to apply, while adjustable Velcro hook and loop straps create a custom fit. Soft neoprene provides comfort while retaining body heat to boost circulation, healing, and flexibility. Extended coverage of the area around your elbow provides extra stability and support. A breathable mesh fabric panel wicks sweat away, keeping the area cool, while an antimicrobial treatment guards against odours.
