RRP: \$19.95

Bad knees don't have to put an end to your participation in your favourite sport. When you pamper your sore knee with Randy & Travis Machinery's patellar knee strap, you can speed up your healing time, thanks to its three inbuilt compression aids—upper, lower, and side—that encourage better circulation.

Jumper's knee, Osgood-Schlatter's disease, runner's knee, arthritis, bursitis, and more—all can benefit from this comfortable, lightweight knee strap. Breathable mesh fabric keeps you cool and dry, while its antimicrobial treatment protects your strap from odours, deterioration, and stains.
