

Posture Clavicle Support Corrector Back Straight Shoulders Brace Strap Correct

RRP: \$39.95

When you have shoulder instability, fibromyalgia, or even the occasional sprain, this clavicle posture brace from Randy & Travis Machinery is a good thing to have around. Designed for clavicle fractures, this device trains your muscles and spine, keeping your posture in line while relieving neck, shoulder, and waist muscle pain and fatigue.

Equally effective for those with posture challenges, this brace can correct hunched shoulders and humped backs. Light in weight yet strong, it pulls your shoulders back, giving you strength as your posture improves.

Its adjustable straps allow perfect fit for all sizes of users. Crafted from extra-soft, breathable neoprene and leather, the brace is light and breathable to wear all day. Easy to put on and adjust, this brace is ideal for those who live alone and have no one to help them.

Features and specifications:

- Quantity: 1
- Size: One size fits all
- Gender: Any
- Adjustable stick straps
- Adjust by pulling the straps to tighten and lifting up the buckle so loosen them
- Material: Neoprene, leather, Velcro, and polyester
