

13"-27" Dual Screen Monitor Stand TV Bracket Computer Display Desk Mount Holder

RRP: \$154.95

Whether you prefer to stand or sit at work—or a healthy blend of the two, this dual monitor stand by Randy & Travis Machinery is a perfect choice. Holding two LCD or LED monitors of sizes that vary between 13 and 27 inches, this stand gives you the flexibility at work that will help you become happier on the job—and more productive as a result.

With 180 degrees of swivel adjustment and its 90-degree tilting capability, you can enjoy a perfect view of your work. Its -45° to +45-degree tilting screw allows you to customise the pitch angle of the screen, while the 180 degree swivel allows you to get the best vantage angle and support.

Its 360-degree rotation capability allows you to adjust your monitor in both a horizontal and a vertical position. With the monitor bracket's adjustable height, you can enjoy the perfect ergonomic position for you whether you are standing or sitting.

Easily adaptable for your space requirements, you can mount it either using foot or jig mounts. And, with cable clips included, your work area will be organised, tidy, and secure.
