

Van Door Lock With Brackets - Heavy Duty Security Vehicle Hasp Padlock

RRP: \$84.95

If you use a van for your business, you know how important it is to keep the goods and equipment inside it protected from thieves. With this heavy-duty bracketed van door lock from Randy & Travis Machinery, you can sleep well at night knowing your belongings are secure and safe from burglars.

With heavy-duty 45# steel construction, this nickel-plated lock is perfect for not only your van, but your garage, your shed, or storage buildings at your facility. For tradesmen and others who keep equipment, tools, and goods, this sturdy lock is a must-have.

This lock can prevent even well-equipped thieves. No matter how hard they try, they won't be able to cut through it, saw through it, or hammer it off. When thieves see one of these 4.12-kilogramme locks on your van or shed, they'll think twice—and likely find a softer target.

With a 45# steel and nickel plated construction, you can rest assured that it is built well for its purpose, denying virtually all effective attacks such as cutting, sawing and hammering. Its thick nickel plating protects it from corrosion for better durability.

Accessories include two keys so you'll always have a spare if you lose one. Don't risk your precious belongings on a substandard lock. Buy one of these durable locks today.
