Cow Inflatable Fan-Operated Costume

Stand out from the crowd with our Cow Design Inflatable Fan-Operated Costume. The size of your costume will be impressive, but your effort in hauling it around will not be.

Our suit is constructed with a lightweight variant of polyester and is powered by a small fan unit within the costume – both of which allow you to wear the costume with very little effort on your part.

The costume is one-size-fits-all for adults, suitable for those less than 200 cm (6'5), and simply requires 4 AA batteries to run – making it the ideal option for a last-minute costume.

Who doesn't love a happy cow? When you wear this charming costume, you'll be the hit of the Halloween party when you walk in the door.

Whether it's for Halloween or a summer masquerade party, you'll delight everyone around you. Wear it to a picnic and you'll turn a boring family reunion into a fun day for all.

Businesses – especially ice cream shops and dairies – can promote their goods with an employee dressed in this adorable costume at the door. Teachers can dress as this cute bovine to promote dairy foods when teaching their young pupils about nutrition and health. Whatever the reason, put a smile on someone's face this spring and summer.
