

2 Pack Swings Seats Heavy Duty 66" Chain Plastic Coated Playground Swing

RRP: \$159.95

Let your kiddos go wild in these jungle gym swings by Randy & Travis Machinery. These playground-style swings will make your home the hit of the neighbourhood when you install them in your backyard. These two sling-type swings are fully assembled for your convenience—and ready to install! They attach easily to most swing hangers (not included). Install them on the porch, on your existing playset, or even on a tree in your backyard.

Designed with an eye-catching yellow plastisol coating to prevent finger pinches, these sturdy 2/0 zinc-plated chains should last for years. The copolymer plastic seat is both comfortable and safe. With their 300-pound weight limit, even the grownups can get in on the action. Enjoy hours of family fun with these rugged swings. Use them with low-friction swing hangers for maximum safety and enjoyment.

Mix and match them with your other playground equipment—from trapeze bars to rope swings to toddler bucket swings for the little ones. When you turn your backyard into your kids' favourite playground, your home will become the favourite place for the neighbour kids to hang out. Buy yours today.
