

3x3m Easy Pop up Canopy Tent 420D Waterproof UV-Treated Cover Commercial Quality

Out of Stock: \$414.95

When you hold outdoor events—especially in the summertime—your company needs a spot where people can gather rain or shine. With this easy pop-up canopy tent by Randy & Travis Machinery, you can protect your attendees from both rain showers and the hot sun.

Not only is this pop-up canopy tent an excellent choice for commercial operations, but it's a great place for home use as well. Perfect for parties, weddings, and picnics, this canopy tent is a must-have if you entertain outdoors. Take it to the beach to keep you and your family comfortable when the sun beats down unmercifully.

It's waterproof and UV light-resistant, so it is the ideal choice for outdoor gatherings, where the weather is a factor. Take Mother Nature out of the equation when you have this canopy tent stored away.

Since weather conditions often pop up quickly, this tent's pop-up construction makes it easy to put up quickly. Velcro straps make tying unnecessary, getting you and your guests inside the tent quickly.

With three height positions, you have a variety of options. Setting up is not only quick, but easy. It features a finger-friendly (no pinching) quick lock release button so that you can set up the frame in only seconds without any tools.

With its lightweight and sturdy double-handled carrying bag, it's easy to transport anywhere. With peak beach and barbecue season upon us, you don't want to miss out on a single minute of fun.

Protect yourself and your guests from the sun and rain alike. Order your canopy tent today.
