RRP: \$94.95

For an elegant yet efficient solution for jewellery storage, you can't go wrong with this gorgeous jewellery box from Randy & Travis Machinery. With three levels of storage, this jewellery display case organises your collection perfectly for easy access. A mirror on the left side of the inside lid lets you see yourself in your magnificent jewels before you head out the door. On the right side of the inside lid, hooks and a storage pouch allow you to store your necklaces safely without the usual tangles and knots.

A small pop-up compartment with removable earring stands gives you flexibility--use it for your earrings or remove the stands to store other small pieces. On the second level, six compartments and soft, pillowy ring rolls provides room for even a huge jewellery collection. Underneath, a drawer with removable dividers gives you a wide range of storage options.

Take it along when you travel—it comes with a key for secure storage. Its top-quality, durable faux leather exterior protects it from scratches, while the soft velvet lining protects your valuables from damage.
