

458 Litre Large Car Cargo Travel Rain Proof Roof Top Bag Storage Carrier Box

RRP: \$149.95

If you're travelling during the summer holidays, this waterproof 458-litre car rooftop storage bag from Randy & Travis Machinery will be an indispensable accessory for carrying everything you need for your family. Its universal size allows it to fit most cars with open roof rails since it fits directly on the roof instead of on the roof bars.

Just strap it onto your existing raised roof rails with the adjustable straps, zip it up, and haul your cargo out to the car. Since this giant bag features a full-zip system, you can even load it up inside and then carry it out to your car – a great feature in case of rain or other inclement weather. Its water-resistant material protects your items from moisture. With a lined, scratch-resistant base, you can carry a wide variety of items inside it. Its aerodynamic shape provides fuel efficiency, yet it can carry a load equivalent to five full-size sofa cushions, along with the pillows. In some cases, you might even be able to use it as checked baggage on a plane. Don't wait until they're all gone. Order yours today!

Features and specifications:
