

3 Piece Tail Pipe Expander Set Muffler Exhaust Pipe Dent Remover Tool Kit

RRP: \$104.95

Whether you're a professional or a DIYer who just loves to tinker with cars, a tailpipe expander is a must to have in your toolbox. This three-piece tailpipe expander set from Randy & Travis Machinery is the perfect addition to your tool collection. Designed to straighten clamp dents in tailpipes and mufflers, this durable set works quickly and efficiently to get the job done. Crafted from heat-treated and drop-forged steel, these dent removers come in a convenient range of three sizes, giving you one set of tools that should work on just about all cars.

Cars aren't the only thing you can use these handy expanders for, though. They're a good solution for plumbing and pipe problems, ductwork, and a variety of other uses in addition to fixing and installing mufflers, tailpipes, and other exhaust system components. These expanders come with their own carrying case, as well as two leather hoses for each expander – so you have all you need in a single place. Whether for yourself or for a gift for the car enthusiast in your life, you can't go wrong with this pipe expander kit. Order yours today!
