

Dog Ramp Pet Ramp Adjustable Heights Portable

RRP: \$254.95

Make it easy for your dogs and other pets to travel with you with this portable, adjustable pet ramp from Randy & Travis Machinery. Whether you use it indoors so your pet can crawl into bed with you or help your pup get into your car, this ramp is a must for pet owners.

For senior pets, a ramp is easier on the joints than pet stairs since it's a steady incline. Its adjustable height allows you to use it with a wide variety of vehicles or other uses. Easily foldable and storable, this ramp is also portable – take it with you anywhere you go. Its sturdy hinge and non-slip surface support pets up to 35 kilogrammes.

Crafted from durable plywood and natural timber, this free-standing ramp is perfectly sized for small to medium dogs or other small animals. A non-slip carpet surface makes it easy for your dogs to navigate the climb.

Don't pay for pet-sitters when you go on holiday with the family. Take your four-legged family members along with you for a change. Order your pet ramp today!
