

12 Cube Wire Grid Organiser Bookcase Storage Cabinet Wardrobe Closet Black

RRP: \$174.95

If you're looking for a storage solution that looks as great as it performs, this 12-cube grid flexible shelving by Randy & Travis Machinery is the perfect choice. With its uber-contemporary profile, it will look as great in your living room as it does in your wardrobe. Display your favourite books, collectables, plants, or mementos to use against a wall or to divide a large room into zones. Done in neutral black, it will blend beautifully with the rest of your home's colour palette.

It's not only attractive. It's one of the most flexible shelving solutions on the market. Each cube fits together with the others in a wide range of configurations, allowing you to arrange these cubes in a custom design. Use it in your home office to store supplies, your rumpus room to display your kids' art, or even your dining room to hold your collection of stoneware. Environmentally friendly and oh-so-practical, this is a storage solution you won't want to go without. Buy yours today!
