

22 Multi Drawer Parts Storage Cabinet Unit Organiser Home Garage Tool Box

RRP: \$104.95

If you love to tinker around with tools in your spare time, keep them perfectly organised with this 22-drawer garage storage cabinet by Randy & Travis Machinery. Ideally suited for storing screws, bolts, nuts, and small tools, this cabinet is the ideal accessory for your garage, home workshop, or even your car. Removable spacers allow you to accommodate tools and accessories of varying sizes, while transparent drawers allow you to see what's inside every drawer.

With its finger-grip drawer pulls, you can easily access what you need. Its durable plastic construction will hold up under even everyday usage. An interior organiser tray helps you keep everything in its proper place, while drawer stops keep items from falling out of the cabinet. Adaptable to a free-standing or wall-mounted setting, this versatile storage solution is at home in any setting. Don't miss out on this great solution to help you organise your tools.
