

4x Microfiber Pads Flat Mop Bucket Kit 360 Rotating Self Wash Cleaning

RRP: \$74.95

Neat and efficient cleaning has arrived straight from Randy & Travis Machinery. Your floors will thank you for this flexible, high-quality mop kit. The huge advantage of this mop is that you can clean the mop pads hands-free, saving time and effort. With its 360-degree rotating swivel, you'll easily never have the headache of missed spots and hard-to-reach areas again.

The mop pads are crafted with microfibre using the latest technology. The material is soft, lint-free, scratch-resistant, and attract dirt like nothing you've seen before. They even prevent odours or mildew, keeping your house smelling as clean as it looks. The mop pads are reusable, so you'll keep the environment clean, too! The mop bucket is specially designed to fit in small spaces for convenient storage. Lightweight and easy to use, this mop kit will be your go-to cleaning tool for years to come. It's perfect for floors of practically any type, eliminating the need for another mop. Don't miss out on this time-saving tool. Order yours today!
