

One-Door Office Gym Shed Clothing Locker Cabinet

RRP: \$419.95

At school, at home, or at work, the 1-Door Clothing Locker gives you, your employees, or your students the storage space they need for clothing and much more.

These vertically-stacked lockers each feature rods to keep clothing wrinkle-free, while air vents provide sufficient ventilation. Naturally, books, valuables, and any number of personal belongings could also be stored in this versatile unit in addition to clothing. It comes with a 3-digit combination lock for worry-free storage.

The locker is constructed with solid cold-rolled steel plate for sturdiness and durability. The steel is also powder-coated to resist corrosion. The locker measures 180 x 38 x 45cm, and the maximum recommended weight capacity is approximately 30kg. In addition there are spaces designated for labels to help identify lockers when needed.

For even more storage, consider buying two or more units, which can be placed side by side where you need them.

A simple design makes assembly easy, and your locker could be up and ready minutes - full assembly instructions are included.

For handy extra storage, the 1-Door Clothing Locker is your storage solution. Order today and take advantage of our everyday low price!

Features of 3-Digit Combination Lock:

When you need a secure option for your lockers, yet want an easy-to-use backup system, this three-digit combination lock from Salvatore Angelotti is the ideal solution. With a master key for each order, you can retrieve the locker's contents, even if a user forgets the combination. Crafted from durable, sturdy metal, this lock resists corrosion and is nearly impossible to crack. With 1,000 possible numerical combinations, the lock ensures that anyone trying to break into your locker by guessing the code will have an impossible job.

It's the perfect choice for schools, gyms, hotels, offices – and even to organise your home's entry. Resistant to moisture and built to last, this 3-digit lock will keep belongings safe inside the locker. Just keep the master key in a safe place, and you'll have the best of both worlds – a difficult-to-guess passcode and a backup plan that gives you quick access if the user leaves or can't remember the combination. Order yours today!

Note: Each order (not lock) comes with one master key only, regardless of how many different locker units, quantities or combinations purchased. A master key is sensitive in nature. An additional master key can be purchased on special order only. Locker assembly required; instructions and hardware included.
