Features of Padlock-operated Lock:

For superb security for yours or your customers' belongings, you can't go wrong with this tough padlock-operated lock by Salvatore Angelotti. Crafted from durable metal, it's sturdy enough to hold up under even constant use. It's easy to operate – simply take the open padlock, slide it down into the lock mechanism, and swing it closed. It's every bit as break-in resistant as it looks.

It's also moisture resistant, thanks to a finish that makes it an excellent solution for storage in gyms and swimming pools – anywhere where moisture is an issue. Heavy-duty metal makes it nearly impossible for would-be thieves to crack. It's the perfect lock for lockers in hotels, offices, factories, or even at home. Use it in your garage with its matching locker to stash expensive tools or in a wardrobe to keep coins, jewellery, and other valuables safe. Keep your customers' belongings – and your own – safe and sound. Order your lock today!

Note: Padlock itself is not included. Locker assembly required; instructions and hardware included.
