

## 2x 15L Pull Out Trash Bin Dual Kitchen Garbage Waste Basket Cabinet Bin

RRP: \$279.95

If you recycle (and who doesn't, these days?), you need this dual pull-out kitchen rubbish bin from Randy & Travis Machinery. It fits right under your under-sink cabinet, keeping your rubbish disposal system out of sight. Crafted from durable, heavy-duty plastic and steel slide rails, this waste disposal system can stand up under years of heavy use. Simply close the removable lid after you dispose of your kitchen rubbish to prevent odour build-up. With a full capacity of 30 litres, it can easily hold all your daily kitchen rubbish, avoiding extra trips outside.

With its slide-out design, you won't have to reach under the sink to toss a piece of garbage. Just pull it out, throw away your trash, and slide it back in again. Its convenient design frees up floor space, keeping your rubbish out of sight — and out of mind. It's easy to install and comes with all the brackets and screws you'll need to assemble it. Easy to clean and easy to use, it makes a great gift for housewarmings, weddings, or holidays, too. Make your life — or a loved one's — easier with this convenient rubbish bin. Order yours today!
