

Rabbit Hutch Hutches Large Metal Run Wooden Cage Chicken Coop Guinea Pig

RRP: \$809.95

If you have chickens, guinea pigs, or rabbits, you need this gorgeous pet hutch by Randy & Travis Machinery to keep them safe and sound. Its attractive, rustic design will accent your backyard and garden, while its asphalt roof and lockable doors keep your pets in and the pests out. With two levels for your furry or feathered friends to sleep, romp, and play, they'll never get bored with the pampered life. Strong, transparent wire mesh allows you to see in, so you can watch them as they go about their daily activities. Three entrance doors provide you with easy access to all your animals' living areas, making clean-up a breeze.

Not only is its roof strong, but it also provides excellent insulation against both summer heat and winter cold. Crafted from environmentally friendly, TUV-approved materials, the hutch is as good to the earth as a shelter can be. Its rich amber-coloured fir timber contrasts with the green roof to blend into its natural setting. It's termite-proof, so you'll never have to worry about keeping it close to your home. Foldable ramps allow your pets easy access to their home while providing them with the opportunity to develop strong muscles as they tackle the incline. Give your pets only the best. Order them this deluxe hutch today!
