

Bar Lamp Kitchen Pendant Light Room Chandelier Lighting Aluminium Ceiling Lights

RRP: \$189.95

Glistening and silvery, this gorgeous pendant light by Palermo gives your kitchen a Mid-Century Modern vibe without the need to buy and refit vintage lamps. This glamorous fixture will turn your kitchen into the place everyone will want to gather. Its asymmetric design harks back to another era, but its energy consumption is designed for our environmentally conscious world.

The shade's abstract, woven pattern in aluminium gives it a textural feel as the light bounces off each of the pattern's curves, providing brilliant light. It's the perfect choice for darker kitchens where a touch of brightness is welcome. Its neutral colour accents any colour palette, allowing you to change your kitchen colours without the need to change the fixture. This pendant lamp is equally at home being hung over your home's wet bar, or it can set the mood in upscale restaurants, bars, pubs, and cafes. Use it over your office desk to make a dramatic design statement. If you love a sleek, modern look, this pendant light is the perfect accessory for your space. Get yours today!
