

## Golf Training Mat for Swing Detection Batting Golf Practice Training Aid Game

RRP: \$94.95

If you live and breathe golf, you'll want to keep your swing fresh even during the winter months. This indoor-outdoor practice green from Randy & Travis Machinery will help you perfect your putts, hone your swing technique, and get ready for the next season on the real greens. In your home or in your backyard, this putting mat is a great way to train even when Mother Nature doesn't cooperate with the weather.

Compact and portable, it's easy to roll up and store when you're done. When you're ready to practise, just unroll it and swing away. Thanks to the pile on its flannel fabric, it leaves a trace when you swing, allowing you to analyse your pole drop point and other aspects of your swing. Lines drawn on the mat show where to place your tee or ball. It's easy to clean and care for, and it holds up well even if you play every day. And, it makes the perfect gift for the golfers in your life. Buy one for yourself and one for a friend.
