

## Clamp On Keyboard Tray 75cm W x 25cm D Extra Large

RRP: \$139.95

Whether you work at home, at the office, or both, you probably would appreciate a little more space. With this uber-efficient sliding keyboard tray by Randy & Travis Machinery, you'll have an extra flat surface to hold your keyboard and mouse while still keeping your reading material close at hand on the desktop itself. Simply clamp it on, adjust it to the perfect height for you, and start working. Heavy-duty padded C-clamps hold it firmly in place without harming your desktop. It fits desktops 0-8cm easily. Deep and wide, this pull-out tray can accommodate ergonomic keyboards and mice.

Its bevelled front edge serves as a comfortable resting spot for your wrist, while a built-in cable management system keeps wires untangled and organised. Its ball-bearing-powered sliders extend the tray out easily. Commercial-grade steel hardware with a powder-coated finish ensures that it will stand up under years of heavy use. Perfect for home or office, this sliding keyboard tray will help you and your employees get better organised and work more efficiently. Order yours today!
