

Palermo Queen Memory Foam Mattress Topper Cooling Gel Infused CertiPUR Approved

RRP: \$479.95

Have the best night's sleep ever with this incredibly comfortable mattress topper by Palermo. Its secret? A layer of foam infused with cooling gel to regulate your body's temperature to the perfect level for sleeping. That's not all. This queen-sized topper has three whole inches of soft memory foam between you and your mattress. You'll feel like you're floating on a cloud yet have all the support you need as it conforms to your body's every curve. With its two-layer ventilated construction and CertiPUR-US certified foam, you'll breathe easy as you sleep, ensuring that you'll wake up well-rested and ready to go the next day.

Its soft, hypoallergenic cover is completely removable – wash it as often as you please. Just zip it off, pop it in the wash, dry it, and then put it back on your topper. Elastic straps keep your topper in place no matter how much you move around in bed. Made with the utmost in craftsmanship, this topper will make you feel like you're sleeping at a luxury hotel. With its body-hugging properties, it will relieve your pressure points, making you feel perfectly refreshed in the morning. Don't toss and turn all night long ever again because of an uncomfortable mattress. Order your comfy mattress topper today!
