

20cm Floating Shelf Brackets Industrial Metal Shelving Supports 4-Pack

RRP: \$59.95

If you need shelving but want a more minimalist look for your room, these heavy-duty floating shelf brackets by Randy & Travis Machinery are the perfect solution. With their concealed hardware, they put the focus on the items you display on your shelves, not the brackets.

Crafted from black tubular iron, these brackets are as sturdy as they are stylish. Their neutral black colour blends into the background while their unique design hides most of the hardware. They're easy to install in mere minutes and come with all the hardware you need to get the job done. Thanks to their sturdy construction, each bracket can hold up to 38kg of items.

These versatile brackets work well with a wide range of timber styles, from highly polished refined hardwoods to rustic pine and reclaimed wood. Showcase your treasured items with these durable, stylish shelf brackets. Buy your set today.
