

Chess Board Games Folding Large Chess Wooden Chessboard Set Wood Toy Gift

RRP: \$79.95

Have a chess enthusiast among your family and friends? This heirloom-quality wooden chessboard set by Randy & Travis Machinery makes the perfect gift. With its incredible craftsmanship, rich tones, and beautifully painted game board, this chess set will give your kids a three-dimensional, real-world experience no electronic gadget can match as they move the carved wooden pieces across the board. The strategic and intellectual development alone will benefit your children more than any of the mindless alternatives that keep them glued to their phones. Or, if you're the chess lover, treat yourself to a chessboard that you'll treasure for a lifetime.

Finished with an anti-scratch surface to protect the board, the chess pieces move in near silence, allowing players to concentrate on their next move. Both board and pieces showcase the wood's grain, unlike cheap plastic alternatives. The set folds up into a box and closes with an elegant brass-tone clasp so you can take it wherever you go or store it until your next game. Whether you buy it for a gift or to reward yourself for a job well done, this chess set is designed to last a lifetime and beyond. Order yours today!
