

Indoor Outdoor Garden Plant Stand Planter Flower Pot Shelf Wooden Shelving - 12 Shelves

RRP: \$99.95

Display your plants, books, and fine collectables on this airy indoor-outdoor stand by Randy & Travis Machinery. Done in natural stained pine, its water-resistant finish can stand up to whatever nature can throw against it, yet look elegant in an interior setting, thanks to its clean, modern lines. With its neutral brown colour, it will blend in well with most homes' colour palettes. With this stand, you can turn a plain painted wall into an eye-catching focal point.

With sturdy slats in place of solid shelves, air and sunshine can circulate through all your plants, providing them with the carbon dioxide and sunlight they need to grow and thrive. Better air and light circulation also reduces the chance that your plants will suffer from mould or other moisture-related issues. Outside, the water can drain away from your plants without a dish underneath to protect your floors, protecting your plants from accidentally overwatering them. It's a great gift for the plant and collectable enthusiasts in your life, as well as a stunning home accessory. Don't miss out on your chance to up the design factor in your home décor. Order your plant stand today!
