RRP: \$254.95

If you love the no-fuss lines of modern design, this corner shelf by Randy & Travis Machinery is a must-have. Done in neutral white, it will turn a forgotten corner into a stunning focal point, showcasing your books, collectables, and plants in a neat, orderly display. Its lopped-off triangular design tapers to the top, contrasting with the curves of the semi-circular shelves.

Its neutral white blends well with most colour schemes, making your plants, books, or collectables the stars of the show. It's equally as home in your child's bedroom as it is in your living or dining rooms. One thing's for sure – it will transform any room you put it in.
