

Heavy Metal Double Clothes Rail Hanging Rack Garment Display Stand Storage Shelf

RRP: \$74.95

Have an extra room that you want to turn into an instant guest room? Or, do you need extra space to hang your garments in your walk-in wardrobe? With this heavy-duty clothes rack from Randy & Travis Machinery, you'll have an economical storage solution for you and your guests. It's portable and easy to assemble and disassemble, so when your guests leave, or you donate clothes you never wear anymore, you can take it apart and store it until the next time you need it. It even comes with all the accessories you need to assemble it, so you can install it as soon as the box arrives at your door. With two rods for hanging clothes and a shelf on the bottom to store shoes, sweater boxes, or other accessories, this rack helps you save space while keeping your clothes in perfect order.

Crafted from thick metal pipes, this clothes rack can hold up to 30 kilograms of your favourite outfits. Its neutral black colour blends well with practically any room's décor, while its minimalist profile gives it an ultra-modern look. Its tough frosted coating resists peeling and corrosion, making it durable enough for even commercial applications, such as garment shops or cloakrooms in restaurants and pubs. If you need extra storage for your clothes and accessories, this rack is a great solution. Get yours today!
