

Premium 4-Bike Carrier Rack Hitch Mount Swing Down Bicycle Rack W/ 2" Receiver

Out of Stock: \$344.95

Take your bikes along wherever your family goes with this four-bike carrier rack from Randy & Travis Machinery. Crafted from heavy-duty steel, this bike rack can easily transport loads up to 68 kg. No worries about scratches and dings, even in rough territory. Padded bike cradles provide needed cushioning to protect your bikes' finish, while hook and loop straps keep your bicycles secure until you get where you want to go. With around 13 to 18 cm of space between each bike, you can rest assured that your bikes will stay safe during your trip.

Done in neutral black in a convenient hitch rack design, this rack accents any vehicle's colour scheme. Folding arms make it easy to store after each use. Then, when you're ready to take off again on your next adventure, simply swing the arms up to load your bikes. Even better, the rack tilts down to give you easy access to your vehicle's boot. It's easy to install and even transfer from vehicle to vehicle. Get ready for your next holiday early. Order your four-bike rack today!
