

20kg Patio Sun Umbrella Base Durable Parasol Garden Stand Cement Round

RRP: \$129.95

Get ready for the coming summer months with this circular garden umbrella base by Randy & Travis Machinery. Crafted from top-quality steel and cement, its minimalist profile and neutral black colour will accent garden furniture of practically any style. And, it fits umbrella poles with diameters of both 34 millimetres and 38 millimetres, thanks to its sturdy PVC protective rings.

Weighing in at 20 kilogrammes, this umbrella base will withstand even heavy winds. It's stable, sturdy, and designed to last. So, you can install it in your garden, patio, or other outdoor living areas with confidence — it can handle whatever nature can dish out. It makes the perfect gift for the garden lover in your life — and it's a great addition to your own favourite outdoor space. Order yours today!
