

Vinyl Floor Tiles Self Adhesive Flooring Ash Wood Grain 16 Pack 2.3SQM

RRP: \$109.95

Love the look of real timber but don't like the high-maintenance care regimen a hardwood floor requires? You can get both with these wood-look vinyl floor tiles by Randy & Travis Machinery. Done in a light ash tone, these tiles feature realistic-looking textured wood grain yet are easy to clean with only warm water and a gentle detergent. Or, if you're short on time, just use your vacuum cleaner with a soft brush setting or a broom with soft bristles. Since they're self-adhesive, they're super-easy to install, even for first-time DIYers. With 16 pieces per pack, they cover a lot of floor space, transforming your floor in much less time than hardwood or laminate flooring.

Low in cost yet as luxurious as wood itself, these vinyl planks work even in high-moisture areas, allowing you to have the beauty of wood in your kitchen, bathroom, or laundry. They're mould-resistant, making them the perfect choice for those spaces. With no dangerous fumes from formaldehyde or other dangerous chemicals, they're as safe as they are beautiful. Crafted from premium vinyl, these planks are designed to last, even under heavy use. They install in minutes and stay where you put them, with no warping or air bubbles. When you need to change your décor, they're easy to remove, with no messy glue residues to remove. Don't miss out on this low-cost way to enjoy the look of luxury in your home. Order your wood-look planks today!
