

2x 20" Stainless Steel Folding Table Bracket Shelf Bench 50kg Load Heavy Duty

RRP: \$74.95

Turn any empty wall space into a shelf, desk, table, or sink benchtop with these versatile mounting brackets from Randy & Travis Machinery. They're especially handy in smaller spaces, giving you even more storage and utility space. They're perfect for kitchens, balconies, bathrooms, workshops, garages, or even in commercial applications. And, thanks to their push switches, you can fold the table or shelf away when not in use.

With their triangular design and heavy-duty construction, these brackets have an incredible load-bearing capacity of 50kilogrammes, making them the perfect solution to storing heavy items. Crafted from stainless steel, they'll resist corrosion, making them an ideal choice for outdoor storage and moisture-prone areas, such as bathrooms. And, they install in minutes, thanks to their mounting holes, so they're the ideal choice for time-strapped DIYers. If you need storage, this is your opportunity. Order your folding brackets today!
