

Rectangle Sun Shade Sail Fabric Garden Patio Pool Awning Canopy Cover Coffee

RRP: \$134.95

Done in trendy coffee brown, this breezy canopy cover from Randy & Travis Machinery is all set to make your summer even more pleasant than usual.

Its neutral colour will accent any home with a modern vibe, while its heavy-duty construction protects you and your family from up to 90 per cent of the sun's harmful UV rays. It's perfect for a patio party, but it's equally at home as a shade for poolside sunbathing or even the pool itself if the sun's heat becomes unbearable for swimmers. Or, take it along on holiday to create an instant patio for your caravan. If you're having a backyard party and want a sheltered place for a band or DJ to play, use it in place of a gazebo to keep the sun out of your entertainers' eyes. And, it works equally as well to protect food tables from dust or the occasional summer sprinkle. Its high quality and durable construction make it perfect for both residential and commercial use.

It's easy to install – even for first-time DIYers.

With reinforced seams and added reinforcement around each grommet, this sunshade is built to last for years, even under everyday use during warm weather. One thing is for sure. You won't want to miss out on even a moment of fun this summer. Order your canopy cover today!
