

## Dog Ball Launcher Throwing Machine 3 Balls

RRP: \$304.95

Looking for recreational activity for your dogs? Get your hands on this Automatic Dog Ball Launcher from Randy & Travis Machinery and allow your dogs to play and exercise.

If you're running errands, all you need to do is plug in this automatic dog ball launcher machine, set the launching distance, and insert a ball. In this way, your dog will remain entertained while you're catching up on your routine. Moreover, this innovative machine is a good idea to stimulate your pet's mind and challenge them to develop motor and cognitive skills.

The machine consists of a sensor that will detect the presence of a ball every 10 seconds. As soon as the ball is detected, the sensor will trigger the launch system. Remember that the ball can be thrown at three distances: 10ft, 20ft, and 30ft. Randy & Travis Machinery has strived to keep the design user-friendly so your dog will learn to insert the ball on their own and play independently!
