

Vinyl Floor Tiles Self Adhesive Flooring Oak Wood Grain 16 Pack 2.3SQM

Out of Stock: \$104.95

Hardwood floors look amazing and lift up the look of your home. However, they are expensive and extremely hard to maintain. Well, the solution to these problems comes from Randy & Travis Machinery. Their walnut wood grain vinyl floor tiles should be your first choice if you want excellent quality, easy maintenance, durability with plenty of budgets to spare.

The tiles are made of premium vinyl, and they come with self-adhesives. They come in a beautiful wood grain design with walnut colour and are incredibly easy to install. Vinyl is very durable; it can withstand moisture and is resistant to mould, making it an excellent choice for your kitchen.

Randy & Travis Machinery made these vinyl floor tiles for their customer's ease, with incredibly easy installation through self-adhesive glue. The self-adhesives do not emit any fumes at all, making them the most suitable for your home.
