

Vinyl Floor Tiles Self Adhesive Flooring Black Walnut Wood Grain 16 Pack 2.3SQM

RRP: \$104.95

Hardwood floors give a fantastic look and are able to raise the look of your home. They are expensive and challenging to maintain, though. The solution to these problems comes from Randy & Travis Machinery.

Their ashwood grain vinyl floor tiles should be your first choice if you want excellent quality, effortless maintenance and premium durability on a small budget. These tiles are made of the highest quality vinyl, and they are equipped with self-adhesives.

They come in a mesmerising ash-coloured wood grain design and are incredibly easy to install. Vinyl is exceptionally durable, and it can resist both moisture and mould, which makes it viable for kitchens too.

Randy & Travis Machinery created these vinyl floor tiles for their customers to be at ease by an incredibly easy installation method through self-adhesive glue. The self-adhesives are environmentally friendly; they also do not emit any fumes at all, making them safe for your home.
