

5 Tier Silver Metal Storage Rack Shelving Wire Shelf

RRP: \$184.95

An organised home makes a house feel more homely and clean, and a well-built storage rack that offers a large capacity is one of the best ways to achieve that.

The exquisite 5-tier shelving unit does all of that and more. This durable rack is made of the best materials on the market and has a large storage capacity.

The rack is rust, dent and scratch resistant, offering a lifetime of strength and storage. It is also easy to maintain, and the material can be cleaned easily with a dry cloth. The use of the rack is highly versatile; it can serve as a bookshelf, kitchen storage, tool storage, and other supplies. It has a clean, distinct look and feel thanks to the finish of its steel and metal pipes.

Each shelf can handle up to 40kg so that you can store your items in confidence with this sturdy 5 Tier Chrome Metal Storage Rack Shelving Wire Shelf!
