

Leveling Casters Swivel Workbench Adjustable Wheel 1000KG Retractable 4PCS

RRP: \$189.95

Struggling to manoeuvre your furniture? Or is your workbench stumbling frequently due to uneven floor? Well, fret no more! Randy & Travis Machinery has got the perfect fix for you as these retractable caster wheels are adjustable to suit your needs!

These casters can bear up to 1000kg and the best part is that they can be used for commercial and personal purposes. Whether you want to move your couch, factory equipment or a medical machine, these swivel casters facilitate moving from one place to another with ease. No need to worry about ruining your floor as the caster wheels material is nylon.

The height is adjustable to suit uneven floors and you can switch between fixed or free-wheeling.

Line up the steel plate. Drill holes into the base of your item. Attach your furniture castor wheels using some M8 bolts (not included) and you can now roll your item where you need.
