

Entrance Door Pull Handle Brushed satin 800mm

RRP: \$229.95

This brushed satin entrance door pull handle from Della Francesca makes a chic statement to a compatible door. The look is contemporary and sleek, with the necessary attributes for installation in a commercial or domestic environment. Add a stylish and functional pull handle to enable easy opening of any door. Made from stainless steel with sturdy, concealed fastenings, it truly is built for the long haul once installed.

Features:

- The sharp lines, smooth surfaces and pleasing angles result in a minimalist, modern aesthetic
- Simple installation kit with screws and matching caps to install with ease
- Manufactured from 304 stainless steel
- Designed for installation on glass, timber and aluminium doors between 5mm and 50mm in thickness
- Please note that this handle may not be mounted back-to-back on opposite sides of a door

Specifications:

- Dimensions: Height of 800mm, diameter of 38mm (facing) by 25mm, projection of 80mm
- Colour: Brushed satin with matching installation caps

Install on glass, timber or aluminium doors within the specified thickness range.

The screws and colour-matched caps make it simple to install and ensure a seamless, elegant finish once in place. The handle has an ergonomic design to ensure ease and comfort for the user while the stainless steel is to ensure durability and resistance to damage. The look is a good fit for a streamlined, deftly-modern interior!

Attributes:

- Size: 800mm
- Colour: Brushed satin
